

Rosemary McGeehin started working with WGAP in 2023 as a Tournament Assistant. She has been a member of Penn Oaks Golf Club for the past five seasons, and previously was a member of Concord Country Club where she was a board member & chairperson of the Women's Group. Over the years Rosemary has been an active member of WGAP and has enjoyed participating in team matches, open days, golf trips and tournaments. She recently retired from elementary teaching after 38 years in education. She also trains golden retriever puppies who were eventually placed in homes with a child with special needs. In the past few summers, you may have seen some of these pups (Archie and Paisley) at our WGAP tournaments. In addition to puppy raising and playing golf, Rosemary also enjoy traveling, gardening, cooking/baking, and spending quality time with family and friends.
